

STATEMENT OF PURPOSE

Ref: Statement of Purpose

To: Visa Consular, UK Visa Section

New Delhi, India

Let me introduce myself first. My name is Bivishan Katuwal from Nepal. As far as my qualification is concerned, I passed 10+2 (Higher Secondary Education Certificate) in 2007 from Welhams College, Jawalkhek, Kathmandu.

The main reason why I am submitting this letter of purpose, is to clarify my interest and my aim of life to study in London college of commerce in UK in the Travel, Tourism and Hospitality discipline(faculty).

I have already achieved some basic experiences and skills related to Travel and Tourism in my own contry. As you know my country Nepal is developing country on the lap of the Himalayas and there is wide scope of travel and tourism. But this country is still lacking skilled manpower to develop this field. I could be just a member to enhance this field.

London college of commerce has accepted me for the intake of 2009 July in Travel, Tourism and Hospitality. My previous study i.e. I. Com and my experience will play a vital role to study the concerned subject..

After finishing my study i will return to Nepal and involve in the tourism field. I would like to assure you that I will get back with a plan/project and I would like to do something for the sake of nation and abroad too. I promise you that skill and knowledge I get from the UK, will be considerably applied here.

I would like to request you to grant me a necessary travel clearance permission to continue my study at London college of commerce in the UK.
